Dear Kumar,

It was nice to chat with you about the Economics 1 course.

I have enrolled you into the module via Moodle.

Meanwhile, I have adjusted the autumn teaching schedule a bit (Please refer to the attached document).

Thanks and look forward to teaching with you!

Xuxin

Dear Katerina,

Thanks for your email.

Baseline, no need to ask for a computer cluster change.

I will update you with the module descriptor by Monday.

Thanks,

Xuxin

Hi Xuxin

Thank for letting me know.

Please let me know as soon as you can. I have requested a computer cluster for the assessment. If we need to change it to a classroom I don't think we will have a problem, but it might become difficult to ask for a computer cluster at another week.

Do you have all the information you need to update the Module Descriptor as well?  
Will it be possible to have the descriptor on Monday?

Kind Regards  
Katerina

Dear katerina,

Sorry for just noticing your email.

As far as I know, I am the module leader for ENVS 1006 (Economics 1) and I am thinking of updating its assessment methods. I will provide more information by this weekend.

Thanks,

Xuxin

Dear All

Just a reminder about the Module Descriptors as we need to update the Programme Handbook.

I have also attached a copy of the Assessment deadlines. I have updated the information based on comments I have received previously.

Can you please have a look and let me know by the **2<sup>nd</sup> of August 2017** if the information is correct? Let me know if the information cannot be verified at this point (i.e. if you are waiting for confirmation from other people involved).

Kind Regards

Katerina

**Subject:** Module Descriptor

Dear All

I am sending you the Template and Example that Aeli developed last year for the Unit Descriptors as well as the part of the 2016/2017 Programme Handbook that has the descriptors that we used.

Can you please update them and send them to me by the **31<sup>st</sup> of July 2017** so I can incorporate them in the 2017/2018 Programme Handbook.

Kind Regards

Katerina
