Dear Kumar

Thanks very much for this, which is indeed very helpful. I've passed it along to my co-organisers of the conference in October. Since this is up your street, I am hoping that you'll be able to help them write content for the conference brochure and also to assist possibly with the creation of a short video framing the discussion. Please liaise with Adrian about this as I will be away the 5th to 25th of October. I've also attached the draft of the programme.

All best

D'Maris
